

Job Title: Registered Veterinary Technician (RVT)
Department: Veterinary Services
FSLA Status: Non-Exempt
Benefit Status: Full-Time
Supervisor: Medical Department Manager
Effective Date: 03/31/2022

VISION:

Our goal is to provide accessible and affordable spay/neuter services and basic preventive care to the animals of our community.

PURPOSE OF POSITION:

Working within the guidelines set forth by the California Veterinary Medical Board, the RVT is responsible for providing daily care to the shelter population and animals in the spay/neuter clinic and assisting veterinarians in the treatment or surgery of animals. Assistance in other areas of the medical department may be necessary.

KNOWLEDGE / SKILL QUALIFICATIONS:

- Registered in the state of California as a Registered Veterinary Technician
- Minimum of one year experience in a high paced veterinary clinic or shelter setting
- Strong oral/written communication skills and desire to collaborate with staff, volunteers and the public in a consistently professional and educational manner
- Strong interpersonal, organizational and motivational skills and ability to work well in a fast-paced environment, handle multiple tasks at one time, maintaining energy through often-times repetitive tasks and under stressful conditions
- Self-motivated and detail oriented
- Demonstrate cooperative behavior with supervisor, colleagues, veterinarians, and representatives from outside organizations
- Personal commitment to animal welfare

WORKING ENVIRONMENT:

Fast paced work environment with possible exposure to infectious organisms, animal waste, chemical materials requiring OSHA Safety Data sheets and potential hostile persons and/or vicious animals.

PHYSICAL REQUIREMENTS:

- Must be able to stand, walk, sit, talk, hear and see, stoop, bend, squat, kneel, grasp, put fingers together firmly and reach above and below shoulder level and lift; push, lift or pull 50 pounds for situation of restraining or moving animals and lifting supplies, material and equipment; repetitively use hands to move animals around, operate computers; flex the neck upward and downward; twist the neck and the waist.

- Appropriately and humanely restrain cats and dogs; control dogs on a leash; work with a variety of animals in multiple settings both in and out of the clinic/shelter.
- Individual will have extended periods of 4 to 6 hours of performing moderately strenuous activities, standing, lifting, stretching and bending.
- Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

RESPONSIBILITIES:

Working within the guidelines set forth by the California Veterinary Medical Board, the RVT shall be responsible for the following duties:

Clinical

- Primary duty will be leading the surgical team in our high quality/high volume spay and neuter clinic
- Safely and properly operate anesthetic machines, monitors, heating devices, and other surgical equipment
- Provide assistance to veterinarians as needed
- Accurately calculate and safely administer all pre-anesthetic and induction medications to patients as outlined in Woods Humane Society's anesthetic protocol
- Intubate patients when appropriate and prepare patients for surgery
- Maintain appropriate anesthetic depth, accurately monitoring patients vital signs during surgery
- Assist in maintenance of proper asepsis and sterility in preparation for and during surgery
- Provide post-operative care for animals, including: monitoring, ensuring patient comfort and hygiene, warming patients, providing pain control when necessary, and return patients to their assigned location when ready
- Respond quickly and efficiently to emergencies
- Perform nursing tasks, including but not limited to: administering medications and/or supportive fluids, performing basic exams, collecting blood and urine, cleaning ears and wounds, applying external parasite control, clipping nails, microchipping, and vaccinating
- Provide supervision and guidance to veterinary assistants and volunteers as necessary
- Perform dental evaluations, cleaning, radiography and extractions when necessary
- Ensure patients are treated in a humane manner that minimizes stress
- Safely use equipment for fractious or feral patients
- Maintain clean and sanitary patient living quarters, including cage banks, carriers, and traps
- Inform veterinarian of any abnormal behavior, illness, disease and/or injury, particularly prior to surgery

Administrative

- Coordinate/communicate closely with Woods staff regarding the medical status of animals and their movement from intake to adoption floor
- Coordinate daily preparation for all spay/neuter and other surgical procedures
- Follow up with post-adoption medical concerns; schedule appointments as necessary in coordination with Veterinary Services Supervision.

- Assist Medical Manager in maintaining appropriate inventory
- Admit and discharge patients from and to various welfare organizations and private clients

Record Keeping

- Accurately maintain all drug logs in accordance with DEA standards
- Accurately and neatly record all necessary and required information related to any veterinary procedures performed as per Woods Humane Society's policies
- Maintain organization of patient files and surgical forms
- Assist veterinarians in completing additional documentation and forms
- Accurately maintain records in Shelter Buddy
- Ensure all incoming patients, their records, and kennels/cages are labeled in accordance with Woods Humane Society's policies

Other Duties

- Maintain a clean and sanitary clinic work area and equipment, including surgery instruments and drapes
- Reset surgery packs and drapes, properly folding and sterilizing
- Perform laundry duties including: washing, drying, folding, and storage of surgery related laundry
- Re-stock and organizing supplies in surgery laundry, pre- and post-op areas
- Participate on committees and special projects as assigned
- Carry out other duties as assigned

Timeliness and Teamwork

- Reliably arrive on time and properly prepared for work
- Demonstrate a positive, team-orientated attitude and communicate in a respectful manner
- Take an active role in learning and sharing veterinary technician skills; assist with staff training

Veterinary Assistance

- Ensure all animals in a medical status are observed for: their overall condition, improvement or worsening trends, input/output, etc.
- Print out Daily Vet Reminder report and triage medical needs of animals; coordinate with veterinarian on duty for needed examinations and procedures
- Inform Staff Veterinarian of any abnormal behavior, illness, disease and/or injury
- Ensure animals are current on their routine treatments per shelter protocols
- Initiate medical treatment per established Shelter Medicine Protocols as established under the direction of the veterinarian on duty or Director of Veterinary Services
- Coordinate with Intake/Rescue Team to ensure proper intake procedures are administered to every animal
- Coordinate and assist in screening animals for medical concerns at intake, especially at times of incoming transports
- Educate/communicate Woods staff about certain medical cases/situations
- Ensure that animals under medical care are properly medicated
- Consult with veterinarian on animals finishing medications regarding release from treatment
- Report observations and finishing medications in the morning rounds
- Fill any prescriptions needed
- Set up exam room for animals under vet care; assist with exams

- Obtain and prepare lab specimens for appropriate testing (in-house and to outsource lab)
- Give SQ, IM, and IV injections
- Perform euthanasia
